MEMORANDUM

To: Industry Partners
   OSFM Staff

From: Joe Delaune, Chief Architect

On Behalf Of: Chief Butch Browning, State Fire Marshal

Date: April 27, 2017

Re: Code Adoptions Scheduled for July 1, 2017

Newer editions of the adopted codes and standards are typically published and promulgated on a three year cycle in order to address current issues and to keep pace with construction means, methods and technology changes. As such, beginning July 1, 2017 the plans and specifications for structures to be built or remodeled in the state of Louisiana shall be submitted for review and drawn in accordance with the applicable requirements of the following primary publications:

1. the NFPA 101 Life Safety Code, 2015 Edition (excluding chapter 5, which may be used as a basis for equivalency determinations);
2. the publications referenced in chapter 2 of the NFPA 101 Life Safety Code;
3. the applicable provisions of the NFPA 1 Fire Code, 2015 Edition;
4. the fire protection and life safety provisions of the most recently adopted International Building Code (IBC) by the Louisiana State Uniform Construction Code Council (LSUCC). See below for referenced documents;
5. the most recently adopted editions of the Louisiana State Uniform Construction Code (LSUCC) for Industrialized Buildings and for building code reviews performed on behalf of parishes and municipalities;
In addition to the documents outlined above, plans and specifications for specific structure uses shall be drawn in accordance with the requirements of the following publications:

As of July 1, 2017, the plans and specifications for facilities licensed, certified, or seeking licensure or certification by the Louisiana Department of Health and submitted to the state fire marshal for review in accordance with R.S. 40:1563.L shall be drawn in accordance with the applicable requirements of the following publications:

2. The 2014 Edition of the FGI publication titled “Guidelines for Design and Construction of Residential Health, Care, and Support Facilities”, where required by rules published by the Louisiana Department of Health for residential health, care, and support facilities;
3. Rules published by the Louisiana Department of Health as applicable to the Physical Environment for licensed or certified facilities.
In accordance with the Louisiana State Uniform Construction Code Council (LSUCCC), the following building codes will become effective on July 1, 2017:

1. International Building Code (IBC), 2015 Edition, not including Chapter 1, Administration, Chapter 11, Accessibility, and Chapter 27, with various amendments;
2. International Existing Building Code (IEBC), 2015 Edition, not including Chapter 1, Administration, and the standards referenced in that code;
3. International Residential Code, 2015 Edition, not including Parts I-Administrative and VIII-Electrical, with various amendments. Appendix J, Existing Buildings and Structures, may be adopted and enforced only at the option of a parish, municipality, or regional planning commission;
5. International Plumbing Code (IPC), 2015 Edition, with various amendments. The appendices of that code may be adopted as needed if referenced by name;

Please refer to the Louisiana Division of Administration’s website at http://www.doa.la.gov for online publications of the Louisiana Administrative Code as they are amended. A complete listing of code promulgations and Rule updates can be found in Title 55, Public Safety, Part V. Fire Protection, and in Title 17, Construction, Part I. Uniform Construction Code.
