

Louisiana Automatic Fire Alarm Association, Inc.

Presidents Message February 2025

Danny Brown
President

Hello members and friends of the Louisiana Automatic Fire Alarm Association.

Brad Boudreaux
Vice President/Secretary

I hope all have had a great February. As we close out this month it has been one for the record books with the unusual cold weather and record snow events. Feel we are looking forward to March. As most of you are aware, our Spring Meeting for 2025 will take place in March. Due to unforeseen circumstances, we are required to move the meeting from March 21st to March 28th.

Greg Savant
Treasurer

Siemens will sponsor our March Meeting. The training courses will be focused on Sprinkler and Special Hazard Plan Review qualifier course presented by LA SFM Personnel followed by Maria Marks with Siemens. Maria will do presentations on Battery Energy Storage Systems (BESS) Off Gas Detection and Suppression Systems.

Michael Maggio
Director
Eastern Region

In our March Meeting we will also hold officer elections. Currently there are no nominations for new officers. Should you have a current member of the association you would like to nominate, we welcome you to let any board member know the name and company so we can put their name on the ballot for the position. To vote March 28th, you must be the designated voting member for your company. Each company has one (1) voting member. Should the voting member not be present, they must let the board know who will vote in their absence.

Shane Seaux
Director
Western Region

Gene Osborne
Director
Northern Region
